

## DIGITAL IMAGES

### What resolution size do I need for what task?

## Computer Monitor

Full Screen at 72 ppi  
minimum 1024 x 768 pixels

## Digital Printing

8.5"x11" at 150 ppi  
1275 x 1650 pixels

## Offset Printing

8.5"x11" at 300 ppi,  
2500 x 3300 pixels

## Low Resolution Image

for example  
450 x 600 pixels

Good for the web and perhaps small images in digital printing. No good for offset printing.

## Mid Resolution Image

for example  
1125 x 1500 pixels

Good for web, okay for digital printing, but only okay for small images in offset printing.

## High Resolution Image

for example  
2400 x 3400 pixels

Good for web, digital printing and offset digital printing.
